FROM

Abhijith B

Full Stack Developer

Enthusiastic and highly motivated Full Stack Developer with a genuine passion for coding and a proven track record of delivering innovative solutions. I thrive on the challenges of building robust and scalable web applications, and my commitment to excellence is reflected in the projects I've undertaken.

Key Strengths

- **Passion for Coding:** Coding is not just a profession for me; it's a true passion. I am driven by the excitement of turning ideas into functional and elegant solutions, constantly seeking opportunities to learn and grow in the ever-evolving field of technology.
- **Full Stack Expertise:** Equipped with a comprehensive skill set, I am proficient in both front-end and back-end technologies. From crafting engaging user interfaces with React.js to designing robust server-side applications using Node.js and Express.js, I bring a holistic approach to development.
- **Project Experience:** My portfolio includes diverse projects that showcase my ability to translate complex requirements into user-friendly applications. Whether it's implementing responsive designs, optimizing database queries, or ensuring seamless API integrations, I am committed to delivering high-quality solutions.

[Project 1: SenseiAi]

- **Description:** Led the development of a dynamic e-commerce platform, integrating React.js for the front end and Node.js for the back end. Implemented secure payment gateways, real-time updates, and a user-friendly interface, resulting in a 20% increase in user engagement.

Education

Bachelor of Science in Computer Science | [APJ Abdul Kalam University]

Certifications

- Full Stack Web Developer Certification
